

CMPE 280 Spring 2015

Assignment – Google Charts

Submitted by: Neeraj Sharma Student ID: 009260875

Home Page showing navigation bar and a carousel. Carousel has three slides and automatically changes.

Building your own pizza It sure will blow your mind.

Try being a chef today, try pleasing someone with your hand picked toppings choices.

Building your own pizza It sure will blow your mind.

Try being a chef today, try pleasing someone with your hand picked toppings choices.

The page has a footer showing Company Sign and a Back to top button which takes the user on the top.

Hand Made Pizza

[Order](#)

Thin Crust Pizza

[Order](#)

Brooklyn Style

[Order](#)

Clicking on order pizza changes navigation bar feedback and lands on a page called Customize Pizza.

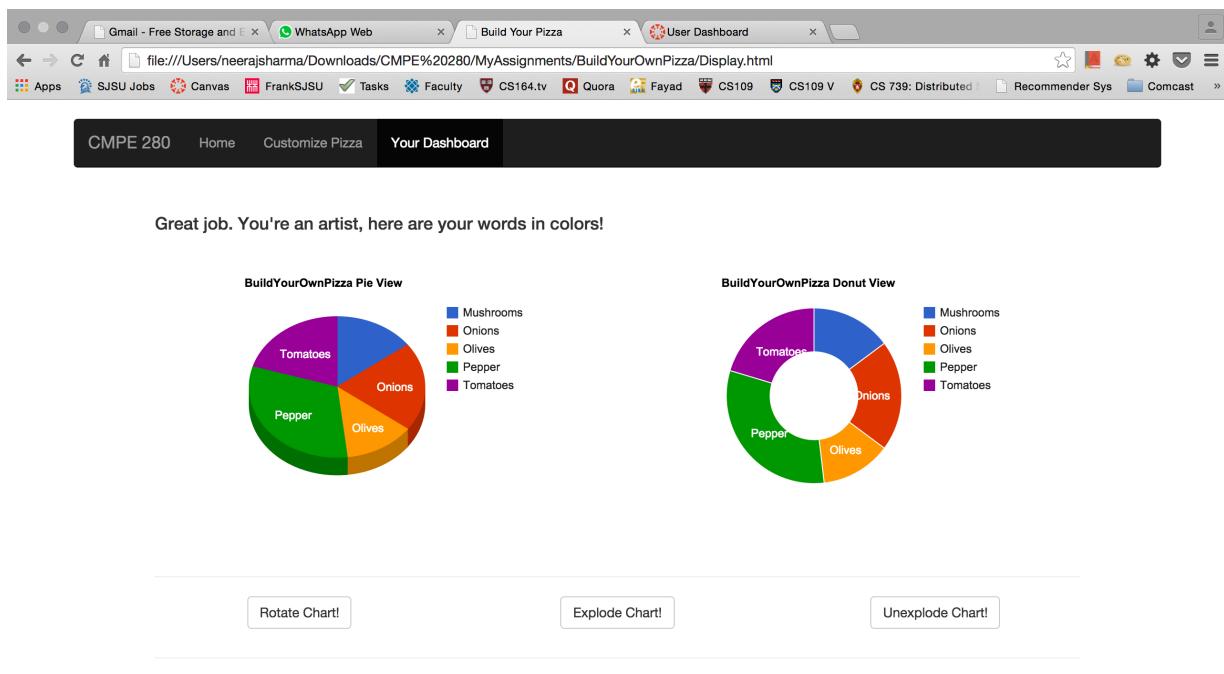

The screenshot shows a web browser window with the following details:

- Address Bar:** file:///Users/neerajsharma/Downloads/CMPE%20280/MyAssignments/BuildYourOwnPizza/Pizza.html
- Navigation Bar:** CMPE 280, Home, Customize Pizza (highlighted in blue), Your Dashboard
- Content Area:**
 - A message: "Great job! Now, be an artist and paint your pizza!"
 - Five sliders for toppings:
 - Tomato: High (near top)
 - Olives: Medium-High
 - Bell Pepper: Medium-Low
 - Onions: Medium-High
 - Mushrooms: Low (near bottom)
 - A button: "Show me now!"
- Page Footer:** © 2015 BuildYourOwnPizza, Inc. · Privacy · Terms | Back to top

After clicking on show me now, use lands on the summary page called Dashboard.

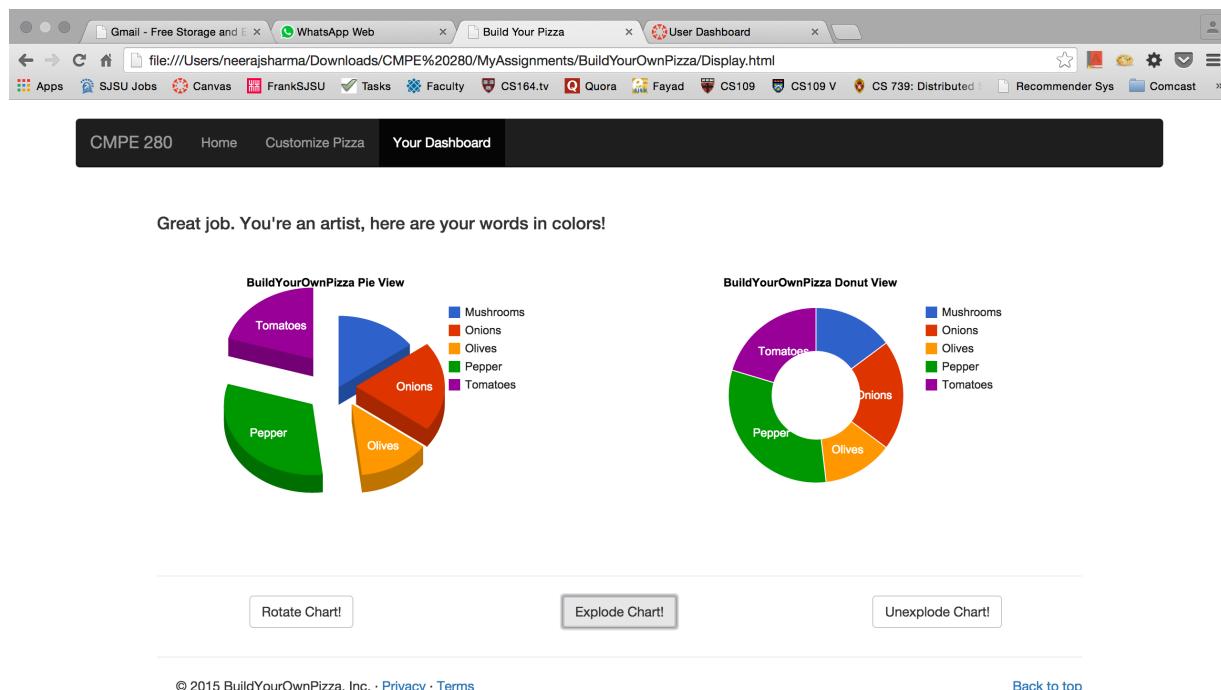

Clicking on Rotate Chart multiple times rotates the PieChart.

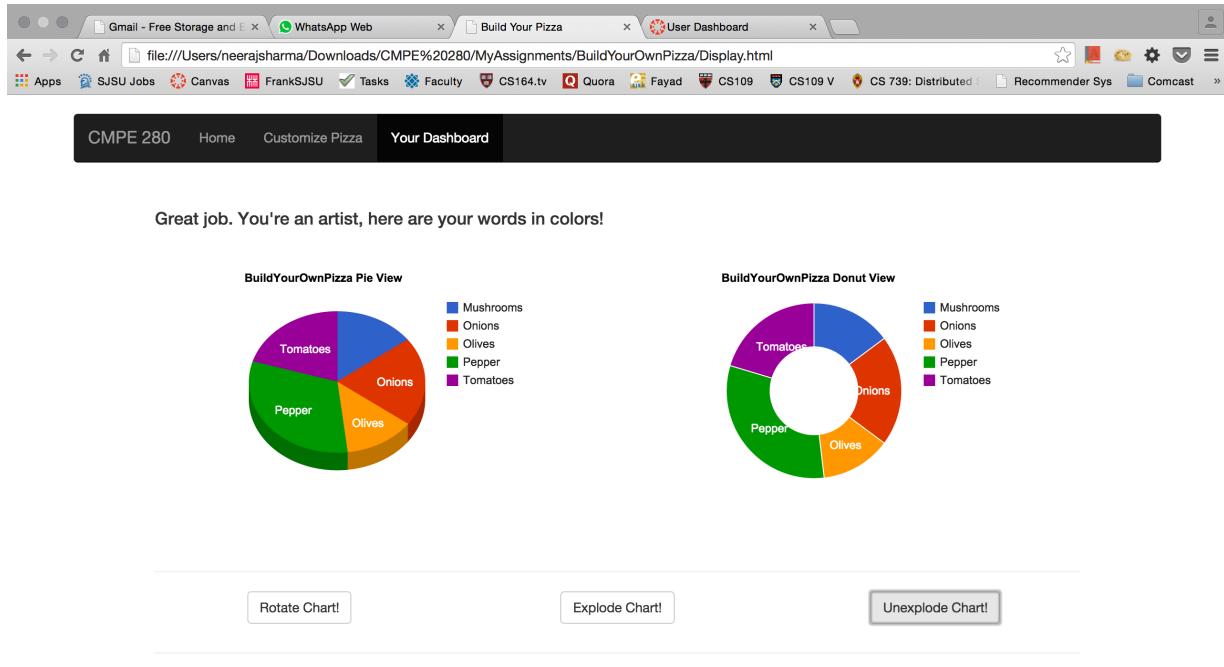

Clicking on Explode chart explodes the Pie Chart.

Clicking on Unexplode Chart puts the chart back into place.

Responsive UI design, if the browser window is shortened, the tiles on the page lands vertically.
